Subject: Comment Letter -Wetland and Riparian Area Protection Policy

Wetland/Riparian Policy
Deadline: 4/19/07, 12 noon

Please adopt Alternative 4 to provide the maximum amount of protection to our wetlands and riparian areas. California has already lost too many wetlands and riparian areas, and we must do everything in our power to save the remaining areas for future generations to enjoy. The federal courts abandoned protection for many of our wetlands and riparian areas and the state needs to step up to the plate. There will always be plenty of development: lets protect the small number of natural areas we have left.

Thank you,
